

**McCarty**<sup>®</sup>  
Family Farms, LLC

*From the largest US Registered Holstein Herd*  
**FOUNDATION GENETICS FOR A SUSTAINABLE FUTURE**

*Embryo Donors*

The ELM-KAN-MFF prefix offers **elite herd builders**. We select genetic traits that support efficiency in the barns and productivity in the parlor. Our herd of 19,000 cows has an average **TPI of +2476**, and our milking herd averages **94 pounds** of milk per day with **4.2% butterfat** and **3.33% protein**. MFF genetics are performing too well not to be your trusted source for embryos and heifers.
